

## SEMC May 11, 2016 Meeting Minutes

Meeting was called to order by Dr. Sarel Lavy.

Patrick Dickinson from Water University at the Texas A&M AgriLife Research Center – Dallas gave a presentation on water conservation and resource management. He covered topics on

- Water conservation and efficiency technologies
- Water quality and stormwater management solutions
- Drip irrigation and irrigation check-ups
- Educational programs and outreach efforts
- Landscape design and plant selection assistance
- Rainwater harvesting

For more information you can visit their website at <http://waterconservation.tamu.edu/>

Vice Chair nominations are being taken over the summer. Please send your nomination to Tassie Hermann. She will collect them over the summer and the election will be held prior to the August meeting.

Next meeting will be August 17, 2016.

Meeting was adjourned.
