**Working Group Updates:**

No new updates from Energy.

Waste- unable to meet, however sent new goal created to increase social media presence. They will show how their events will be marketed and will get vendors involved to push the information out as well.

The solid waste minimization plan position is still vacant. There is a plan for a current employee to take over some of the tasks until another person can be hired.

Marketing – Carol has requested that someone else take over the chair of the group.

**Other Business:**

Virtual Earth Month all presentations were recorded and are on the Sustainability webpage for viewing.

Sustainability master plan working groups have been meetings. Sustainability will be reaching out to have final meetings.

Res-Life move out had a Donate Don't Dump and students were given options on what to do with their belongings that were still in the dorms. Several left items they didn't want and what could be donated was to Goodwill. Food that could be donated was given to Brazos Valley Food Bank.

TREX challenge has ended and will resume in November. However there are buildings, GSC, EHS, that still have active collection sites, these sites will be able to coordinate drop offs with Kristianna. Bush School has partnered with TREX and will be hosting a challenge.

**Vice Chair Nomination:**

Chris Dieckert was nominated and accepted the position. Committee voted and none opposed.

Next meeting August 2020.
